

# CF01 Beer and Cider

Old Man Crudge's Cornish Fayre

There are plenty of high quality local ales available from Skinners, St Austell and Sharps breweries.

Skinners Brewery, based in Rock, brews a Cornish Ale named after Betty Stogs, a character that drank gin, burned her husband's bread, drowned his watch and lost his baby.

Sharp Brewery brew a real Cornish Ale called DoomBar, named after the sand banks that block the river Camel outside Padstow.
