

SPO4 Fishing and Crabbing

Chalk & Cheese's Cornish Sports

Fishing is a great pastime for the amateur or a serious sport for the professional. Both salt and fresh water fishing are available in Cornwall.

Crabbing is done around the quays and beaches of Cornwall, by lowering a crab line with some bait (bacon is good!) near a quay wall or rocks.

Everything from a clear plastic crab bucket and crab line, up to the latest rods, lines, nets and expertise are available locally.
